Recessed Three-Gang TV BOX™

NEW!
TVBU507

Combo Box with One Power, Two Low Voltage • Old & New Work

New Work Installation

1 Attach box to stud. Note tabs for proper positioning of box for drywall.

2 Install wall board.

3 Attach paintable trim plate with screws provided.

4 Tighten mounting wing screws to pull the box securely against the wall board.

Installation in Existing Wall

1 Determine box location. Cut hole. Pull wire and cable(s) through appropriate knockout (connector).

2 Attach trim plate to box. Install box assembly in opening.

3 Tighten mounting wing screws to pull the box securely against the wall board.

4 Finished installation. Power in one side; low voltage in two openings.
