## WireFree™ Solar Pack

*Bringing new light to motorized window coverings*

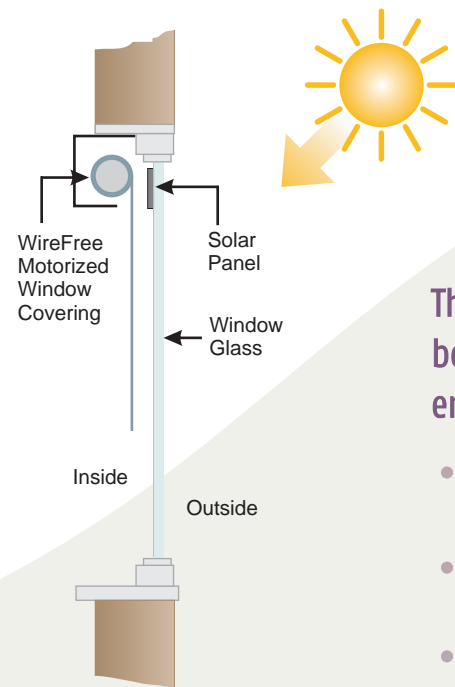

The new WireFree™ solar pack harnesses renewable solar energy to power WireFree™ motorized window coverings. This latest innovation from Somfy sheds new light on WireFree™ motorized window coverings by offering the following features:

- Patented energy saving technology uses sunlight to power the motorized window covering(s)
- Maintenance-free solution that doesn't require the use of an electrician
- Convenient and cost effective - reduces battery replacement and preserves environment.
- Easy to install for new and existing window covering installations
- Low profile solar (photovoltaic) panel is discreet and easy to conceal

### How does it work?

The solar (photovoltaic) panel is simply mounted on in the inside of the window opening and converts the sun's light into electrical energy. The harnessed electrical energy is stored within a special Nickel Metal Hydride (Ni-MH) battery (included) which powers any Somfy WireFree™ motorized window covering, resulting in a maintenance-free, environmentally friendly alternative to disposable lithium batteries.

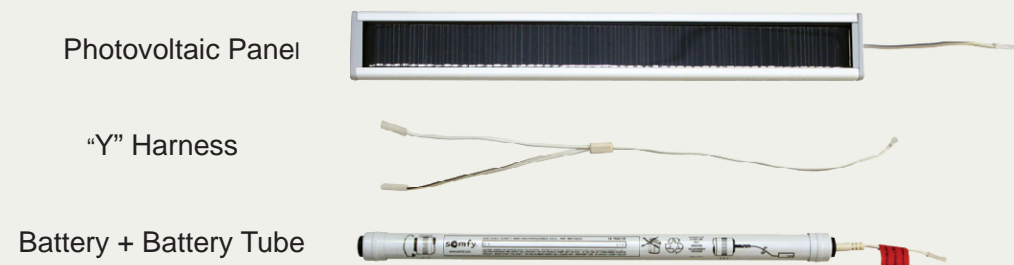

### The WireFree™ Solar Pack can be used in a wide array of environments \*

- Windows facing North, South, East or West exposures
- High sun or limited sun areas year round
- Most window types including single pane, double pane, and energy saving glass

Available at [www.AV-Outlet.com](http://www.AV-Outlet.com)

### What is Included?

Each WireFree™ Solar Pack kit consists of the following:

Compatible Motors	All WireFree™ motors including: Tilt WireFree™, Cord Lift WireFree™ and Roll Up WireFree™
Solar Panel Dimensions	11.85" x 1.57" x .43" (301mm) x (40mm) x (11mm)
WireFree™ Solar Pack (includes solar panel, battery, Y harness and glass mount adhesive)	9015575
Replacement NiMH Battery for solar pack (with tube)	9015624
Optional Solar Panel Mounting Bracket Kit (for off glass panel mounting)	9015897
24" (61cm) Y harness extension cable	9016374
48" (122cm) Y harness extension cable	9016736
Optional plug-in wall charger for Solar Pack (Charges battery without solar panel)	9015781

Available at [www.AV-Outlet.com](http://www.AV-Outlet.com)

\* Please reference the WireFree™ Solar Pack Performance charts available at [www.somfysystems.com/solarpack](http://www.somfysystems.com/solarpack) for data related to specific geographical solar zones and optimizing the performance of the Somfy WireFree™ Solar Pack or call us at 1-877-43SOMFY for additional information.
